Re: Public Smoking Proposals in the Finnish Tobacco Act Amendments

Dear Tony:

I have reviewed the draft Amendments for the Finnish Tobacco Act regarding ETS and have prepared the enclosed reply draft. Section III (together with Section II) is a candidate for possible submission. Section I simply provides an overview of the draft's provisions on public smoking, and Section II presents an interpretation and criticism of them. Section III addresses health and exposure claims made in the draft.

I will be out of the office for the next 10 days. Please give me a call if you need any additional analyses.

Best regards.

Sincerely,

Bill
